

We love our volunteers - you are helping grow children for life!

"How silently, how silently, the wondrous gift is given! So God imparts to human hearts the blessings of his heaven."
From O Little Town of Bethlehem

These words have great meaning not only during this Advent season, but all year long. Our volunteers each quietly share their unique God-given gifts to meet the needs of all the children at Boys and Girls Country. Your gifts of time and talent are changing their lives for the better, and for this, we are grateful beyond measure.

May you be warmly wrapped in the gift of Christ's love, and may you discover in His love your unique gifts and continue to share them with great hope and joy.

God bless you, and Merry Christmas from the Boys and Girls Country Team!

Contact **Susan Breaux** for information about volunteering or donating much needed items.
